## GOLF COURSE APPROVED

The proposed 'Garden of Eden' Golf Course, off Chestnut St. has received the approval of the Wilmington Board of Appeals.

Approval was given, with some restrictions, by the Appeal Board Tuesday night.

An 18 hole course is planned, to take up most of the old Bell Farm, and adjoining land of Tom Galvin, as well as land on the west side of Chestnut

Street leading up into the old Garden of Eden.

Backers of the project are Attorney Edward McDuffy of Reading, Ed Comer of Woburn and Elwin Hovey, of Glen Road Wilmington.

In its decision the Appeal Board provided that no loam, or other earth products must be taken from the 176 acre tract, and that an approved parking plan must be submitted before final approval is given

### NAME SCHOOL AFTER CALEB HARRIMAN SAYS SELECTMAN BLACK

Selectman Charles Black proposed, and other members of the Board of Selectmen agreed Monday night that the new school, to be built in North Wilmington, should be named after the late Caleb Harriman.

Mr. Harriman, owner of Harriman's Tannery for many years was the first Chief of the Wilmington Fire Department, and the founder of the Wilmington Water Department.

Black also proposed that a school be named after the late Louis McMahon, who served the town for many years as a Cemetery Commissioner and on the Public Library board, and this proposal too, met the approval of the other Selectmen.

The discussion came up during a discussion of the Town Warrant for the Special Town Meeting of Nov. 28th.

#### Surprise Feature

A surprise feature of the Town Warrant was the inclusion of the proposed Building By-Laws as an article for the meeting.

An 80 page document, the work of three years by the Building By Law Committee, was read to the Selectmen by Atty Roland Woods, who together with Ray Fitzmaurice and Garnet Mills spent an hour and a half with the Selectmen.

A few weeks ago the Selectmen were talking of not including the new By-Laws in this meeting, because of their length, but their thinking has changed and, as expressed by Chairman Nick De Felice, 'we can adjourn, if we have to, and continue the meeting next week'.

De Felice pointed out that the town would save itself all the 'red tape' of calling another Town Meeting, by including the article in the warrant for the Nov. 28th meeting.

The new proposed By-Laws will bring the town's building regulations up to modern standards, Woods told the Selectmen.

Pre-fab houses, and houses on 'slabs' are not prohibited, but at the same time the regulations are so written as to not make it easy to construct this type of building in Wilmington, the Selectmen were told.

The Selectmen gave the By-Law Committee a vote of thanks for their three years of work.

#### B&M Bridge

A letter from the Boston & Maine Railroad pointed out trucks of over 6 tons in weight were using the Shaw-sheen Avenue bridge, and that the 'stringers are beginning to develop cracks'.

Remembering the difficulties of the last time the bridge was closed, the Selectmen voted to notify the Chief of Police to 'keep a closer watch'.

#### Route 93

The Selectmen voted to send letters to the Massachusetts Department of Public Works and the US Bureau of Roads about the difficulties in drainage since the construction of Route 93.

The discussion was initiated by Selectman Black, who noted that the 'water table' in Wilmington has risen considerably.

Both Mrs Drew and Town Manager agreed with Black, and each cited instances in their own neighborhood of higher water tables.

On the suggestion of Mr. De Felice one of the letters will be written to Mr. Steels, Mass DPW District Engineer.

#### Main Street

Mr. Black also brought up for discussion the subject of holes on Main Street (Route 38) and the condition of some of the yards in businesses being conducted on that street.

Holes, on the side of the street, opposite the Middlesex County Bank building, are dangerous, Black stated. The State is responsible, and should be notified, he said.

### DAVENPORT DAVIS TEMP. CHAIRMAN CH. OF COMMERCE

#### 37 Firms at First Meeting

37 different business firms of Wilmington were represented in a meeting in the Middlesex County National Bank, Tuesday night, in an organizational meeting for a Wilmington Chamber of Commerce.

Davenport Davis, Vice President of the Middlesex County Bank, was named Chairman Pro-Tem, with the right to name two assistants to assist in the organizational work.

Speaker of the evening was George W. Lawson, owner of the Pleasant Service Cleaners Inc of Melrose, and President of the Melrose Chamber of Commerce.

#### SKATING CLUB APPEAL UNDER ADVISEMENT

The Wilmington Board of Appeals has taken 'under advisement' an appeal of the Wilmington Skating Club, for the right to remove gravel and other earth products from the site of their new skating rink, off Chestnut Street.

The appeal was heard Tuesday night, with prominent Wilmington sportsmen including Jay Tighe, Mike Weinberg, Tom Galvin and John Waugh appearing for the Skating Club.

The club is seeking to build a larger rink, more suitable for 'Olympic' type skating, and has been stopped because they had to remove gravel from

#### THREE BOY SCOUTS ON 41 MILE HIKE

Three Wilmington Boy Scouts were part of a team that made a 41 mile hike to Camp Wawatut-Ca, in Northwood Narrows, NH, during the Veterans Day Weekend.

William Durant of Lawrence Street, Elwin Rice of Hanover Street, and Peter Simard of Aldrich Road, all members of Troop 56, hiked, together with George LaFontaine, of a Lowell troop, and Scout leaders George Ryan, Clayton Moore and Forest Bateman, all of Lowell, from Lowell Scout Headquarters to the New Hampshire camp.

They left Lowell on Friday, hiking 19 miles, 16 miles on Saturday, and the final 6 miles on Sunday, and arrived without a single blister.

The hike gave the boys one credit, toward their Hiking Merit Badge.

## WOBURN MAYOR WANTS OLD AGE PROJECT LIKE WILMINGTON

After a visit to the Wilmington Housing for the Aged, on Deming Way, Tuesday night, Mayor John F. Gilgun of Woburn has declared that he wants a project 'just like it' for the City of Woburn.

His Honor, accompanied by the City Council and Senator-elect James J. Long inspected the entire project, talked with some of the tenants, and with the Wilmington Housing Authority members, in their regular meeting.

Members of the City Council who made the visit were President William Scalley, and Aldermen John McLaughlin, John Duran, Mike Oser, and Robert Walbron. All declared them-

selves much impressed.

Mayor Gilgun has been asking Woburn to approve of a Housing for the Aged project, and said after Tuesday night 'This proves to me that Woburn can have a project, and we hope it will be like this in Wilmington'.

Both the WMA and the tenants were very helpful, the Mayor declared, and 'the only statement that I heard that was at all critical of the project was that it was too far from the center of town'.

The Mayor told the Town Crier that if Woburn is to have such a project it will have to complete its application to the State before Jan. 1, 1961.

## THERE ARE FAIR WEEKENDS AHEAD

Between the honky-tonk of election and the un-  
fortunate commercialization of Christmas, is an  
annual institution for which we can be truly  
thankful. It's church fair time.

## THINGS WE CANNOT UNDERSTAND

Everynow and then there is a hassle in this  
town that surpasses our understanding, and one  
has been going on now for several months, with  
a couple of members of the Finance Committee  
being involved.

The Finance Committee has a member who at-  
tends the meetings of the Permanent Building  
Committee with probably sufficient regularity  
to be able to report back to his fellow mem-  
bers as to the situation.

Several months ago in a meeting of the Per-  
manent Building Committee there were some Finan-  
ce Committee members present who presumably  
were looking for information. Such of course is  
their right, and no one can find fault with  
this.

The meeting wrangled for several hours over  
a question of whether the new proposed school  
off Salem Street should be for sixth, seventh  
and eighth grades, or for seventh eighth and  
ninth. One member of the Finance Committee was  
the principal wrangler.

Three times during that meeting the Super-  
intendent of Schools read a letter written by  
his predecessor to the State School Building  
Assistance Commission. That letter said plainly  
that the school was for sixth, seventh and  
eighth graders.

But the Wrangler didn't hear. He kept it up.  
Finally, at 11 pm the Finance Committee member  
whose duty it is to attend the Permanent Build-  
ing Committee meetings spoke up to remark that  
the question had already been answered three  
times - and what more did he want?

And the Wrangler, who is a member of the  
Finance Committee said "That's what I have been  
wanting to hear!"

Last Thursday the Wrangler was again present  
at the Permanent Building Committee meeting.

This time it was a question of "Why not  
build it instead on the Whitefield school  
site?"

The engineering reports prepared by the  
architects, the reports of the town engineer  
and the town sanitarian had no effect. The  
Wrangler was told that in order to build on the  
Whitefield site the Whitefield school would  
have to be torn down, that it would cost the  
town a lot of extra money, and that double ses-  
sions would be forced on the town.

But still he wrangled away. Why we know not,  
it surpasses our understanding.

The Finance Committee member who is supposed  
to attend the PBC meetings finally walked out,  
not disgusted with the PBC, but with the ac-  
tions of his fellow member on the Finance Com-  
mittee.

## THOSE LINEMEN ARE MIGHTY IMPORTANT

Linemen, in football, are the most under-  
rated players we know. Everyone talks about  
"shifty backs", and "elusive quarterbacks" but  
no one talks about the linemen.

Yet if those lowly linemen weren't there to  
throw their weight around, and in an intelli-  
gent manner, where would our backs be?

Wilmington linemen, playing against Lynn-  
field last Saturday demonstrated this clearly.

Frankie Berardino had a mighty reputation,  
but it didn't get far, nor did he, when the  
Wilmington linemen played, as they did, with  
determination.

In fact we would say that, man for man, we  
had a better line than did the highly touted  
Lynnfield team.

Lynnfield's strength is really in her back-  
field, which is good, sure, but which can also  
prove to be a weakness.

Wilmington's sophomores didn't develop  
quickly, but they have done a fine sturdy job,  
and next year we should really see a team, not  
only in the backfield, but in the line too.

And we are going to climb out on a limb and

predict that Lynnfield is going to be defeated  
Saturday, by North Reading.

Lynnfield's line isn't as good as North  
Reading's, and we don't believe that either of  
the famous Lynnfield backs are as good as No.  
Reading's Cotter, who runs head up and watches  
where he is going.

Not only are we going to climb out on a limb  
but we are going even further, and climb out  
onto one of the branches by saying -

Just Watch Wilmington, in 1961!

We've got the backs now, and we have the  
line too! And it is the line that counts!

## SEVEN PAY FINES FOR NO STICKERS

Seven motorists paid fines of  
\$5 each, in Woburn Court, Wed-  
nesday morning, after pleading  
guilty before Judge Henchey of  
not having new Registry In-  
spection stickers. Most of the  
motorists were Wilmington resi-  
dents.

They were stopped by a 'Stic-  
ker Squad', on November first,  
in Wilmington.

Leading the squad was Regis-  
try Inspector James Manning,  
and Wilmington Police who took  
part were Officers Herbert  
Peterson, Daniel Ballou and  
Tom Brennan.

## TOWN NOTES

### Stone Walls

In the old days the farmers  
built stone walls for two  
reasons.

The principal one was to get  
rid of the stones.

The other one was (sometimes)  
to divide one person's land  
from that of another.

But even then, the stonewall  
was built to divide two culti-  
vated fields from each other.

Which leads up to a minor  
mystery we have noted, as a  
result of the Boston Edison Co  
clearing land across South  
Wilmington, for their new High  
Voltage transmission line.

Off Chestnut Street there is  
a bare section of Wood Hill,  
just bare rock, no loam, no  
nothing.

And there are two stonewalls  
crossing that bare rock. Some-  
body, in the old days, was  
really industrious.

### Cake Sale

One of the most successful  
cake sales in some time, in  
Wilmington, was held Tuesday  
night, at the Wildwood School,  
during the Open House.

Nearly every lady in the  
Wildwood Parents Club brought  
a cake. There were so many  
that it was decided to make  
the price 30 to 50 cents a-  
piece.

Then the ladies bought them  
back. Could we say they went  
like hotcakes?

### New Flag

Police Chief Paul J. Lynch  
is gradually getting his poli-  
ce station whipped into shape.  
He has got rid of the weeds  
and had a lawn planted.

Charlie Williams gave the sta-  
tion a big electric sign, in  
an appropriate blue, saying  
'Police'. And Paul is figuring  
on just how to put a sign on  
the front of the building, so  
that it will tell the story,  
look good, and not break the  
zoning laws.

He now has, incidentally, a new  
50 star flag, which was given  
by the three Veterans posts in  
Wilmington on Veterans' Day.

It is, of course, a 50 star  
flag, and Paul is quite proud,  
and thankful to the Veterans.

First thing you know he'll  
have his gendarmes out in  
front of the building, prac-  
ticing salutes.

### The Battle of the Bands

Football fans know that Lynn-  
field has a wonderful High  
School Band. We can say that  
they are better than Wilming-  
ton's, without taking any glo-  
ry from our own boys and girls.

Last Saturday it was almost a  
Battle of the Bands, as the  
Lynnfield tooters and their  
girl drill team marched out on  
to the field, during the half.

It was well worth watching  
and hearing. The band was well  
drilled, and so were the girls  
- and well should they be, for  
the Lynnfield Band etc. re-  
hearses three times a week dur-  
ing regular school hours. (ours  
gets one rehearsal - after  
school hours - and we'd rather  
have it that way).

The Wilmington band was drawn  
up under the goal posts at one  
end, and out maybe 15 or 20  
yards into the field - but  
that wasn't enough room for  
Lynnfield, as they strutted  
across the field.

It was nearly a collision,  
but finally our guys and gals  
drew back, and gave them play-  
ing room.

### Changes in the Square

Wilmington Square is begin-  
ning to have a different look.  
The old Miller House has gone,  
and there is now a big parking  
lot where it stood. Bedell is  
again applying a coat of paint  
to his building, not that it  
was really needed, and across  
the street Herb Pickering is  
replacing 'Pickering's Palace'  
(or what was left of it after  
the fire) with four new stores  
and there are rumors that  
more changes are to be made.

### Happiest Boy

We'll bet that the happiest  
boy in Wilmington this weekend  
is George Gray, of Clark St.

George is a cousin of Joe  
Bellino, Navy's star halfback,  
and George has been following  
Joe's career with avid inter-  
est.

Life Magazine, tomorrow, is to have a feature on Bellino, and we know who will be reading every word.

#### Catch on the Bounce

Capt. Eddie Casey of the football team found a new way to catch a forward pass, last Saturday.

In a manner of speaking, one might say that Eddie was just standing there, and the ball bounced into his hands.

It was one of those flukes that make football history.

Allard threw to Casey, but the ball went wrong. It hit a

Lynnfield player on the head, and then just bounced, as nice as you please, into Eddie's hands, and Eddie made that third touchdown standing up.

#### CONGREGATIONAL FAMILY 'A' FAIR COMES THIS SATURDAY

Whole families will be welcomed at the Congregational Church this Saturday, Nov. 19, from 10 am to 10 pm, for the annual fair. A snack lunch, a baked bean supper, baby sitters, pony rides, a magician show, grabs, a punch bowl, ice cream and candy table, and a snapshot gallery will supple-

ment the tables of home-craft and other articles offered for sale.

The baked bean supper, 5:30-7:00 will be in charge of the Center Associates of the LBS. Tickets should be obtained in advance from the captains of the Branches.

The snack lunch, 11:30-2:00, will be served by the Congregational Men's Club.

The ice-cream and candy stand is to be staffed by the Pilgrim Fellowship.

At the Punch Bowl, Mrs. Lucie Hesse will pour.

Near the Children's and Dolls table of the North Twigs, on the lower floor of the parish house, will be the baby-sitting room staffed by the Junior High girls.

Rides, on Paul Soden's pony, are from 11:00-4:00, and the magician show by Mr. and Mrs. William Habbitz of Wakefield is to be at 8 pm.

'Auntie' May Bliss, wearing a Grab Apron, will thread her way through the crowd.

Each of the Branches will have a table. North has the Men's and Boys'; North Twigs,

Children's and Dolls; South, Young Misses and Gifts; East, Jewelry; West, Christmas; Center, Aprons. Dorothy Babcock is in charge of Cooked Foods and Homemade Candy; Betty Buck and Mildred Neilson, White Elephant Table; Coris Tobey and Shirley Lyons, Plants.

CARD OF THANKS

To the voters of the 7th Middlesex District a heartfelt thanks for the wonderful vote accorded me in the recent election.

To my friends and supporters who worked so tirelessly in my behalf throughout the campaign: To you goes the credit of making my election possible.

James J. Long  
Senator-Elect  
14 Plympton St. Woburn

To either of the Constables of the Town of Wilmington:

**GREETINGS:** In the name of the Commonwealth of Massachusetts and in the manner prescribed in the By-Laws of said Town, you are hereby directed to notify and warn the inhabitants of the Town qualified by law to vote in Town affairs to meet and assemble at the Herbert C. Barrows Auditorium on Monday, November 28, 1960 at 8:00 P.M., to consider and act on the following Articles -

**ARTICLE 1.** To see if the Town will vote to transfer from available funds, and appropriate a sum of money for the purchase of radio equipment for the Fire Department, or do anything in relation thereto. Request of the Town Manager.

**ARTICLE 2.** To see if the Town will vote to transfer from available funds, and appropriate a sum of money for the purpose of relocating the railroad automatic gates and Western Union equipment on Concord Street, or do anything in relation thereto. Request of the Town Manager.

**ARTICLE 3.** To see if the Town will vote to raise and appropriate a sum of money for the purpose of acquiring a site for an additional pumping station and well field for the Water Department and constructing and equipping a pumping station on such site and determine how the appropriation shall be raised, whether by transfer from available funds, by borrowing, or otherwise; and further to see if the Town will vote to authorize the Selectmen or Board of Water Commissioners to purchase or take by eminent domain for such purposes certain parcels of land on Chestnut Street as shown on a plan dated November 14, 1960 made by the Town Engineer, and on file in the office of the Town Clerk, or do anything in relation thereto. Request of the Board of Water Commissioners.

**ARTICLE 4.** To see if the Town will vote to raise and appropriate a sum of money to acquire additional land for, construct, originally equip and furnish an intermediate school on land owned or to be acquired by the Town in North Wilmington, determine how the appropriation shall be raised, whether by taxation, by transfer from available funds, by borrowing, or otherwise, and to authorize and instruct the Permanent Building Committee to enter into contracts and to do all things necessary for constructing, equipping and furnishing said intermediate school or take any action in relation thereto. Request of the Permanent Building Committee.

**ARTICLE 5.** To see if the Town will vote to authorize the Selectmen to enter into and fully perform on behalf of the Town an agreement with Robert G. and Bernice A. Cowie providing as follows:

1. That Robert G. and Bernice A. Cowie will convey to the Town a parcel of land owned by them on Ballardvale Street described as follows:

A parcel of land bounded easterly by Ballardvale Street - 75 ft., southerly by land of the Town of Wilmington - 150 ft., westerly by land now or formerly of Signore - 75 ft., and northerly by said last mentioned land - 150 ft. Being the same premises conveyed to Robert G. and Bernice A. Cowie by Samuel S. Thorpe and wife by deed recorded with Middlesex North District Registry of Deeds, Book 1317, Page 395.

There shall be excluded however from said conveyance all buildings now on said property.

2. That as the sole and full consideration for such conveyance, the Town will convey to said Robert G. and Bernice A. Cowie a parcel of land on said Ballardvale Street owned by it and described as follows:

Beginning at an iron pipe inside the stone wall at the northwest corner of lot near land of Frank J. Melanson, thence running along Ballardvale Street S 15°-35' E, 125.00 feet; thence S 67°-05' W, 181.50 feet by land of the Town of Wilmington; thence N 15°-35' W, 125.00 feet by land of the Town of Wilmington; thence N 67°-05' E, 181.50 feet by land of Frank J. Melanson to the point of beginning. Containing 22,500 square feet

and further will pay all expenses required to move the buildings now located on said first mentioned parcel to said second parcel, to provide a proper foundation for said buildings on said location, and also to provide such plumbing, heating and other service connections as may reasonably be required to render said buildings available for use as at present, other details of such agreement to be at the discretion of the Selectmen.

The object of such agreement being to provide further land for the location of the school provided for under the previous article, any funds necessary for its performance to be supplied from the funds appropriated under said previous article.

or do anything in relation thereto. Request of the Board of Selectmen.

**ARTICLE 6.** To see if the Town will vote to amend the Zoning By-Laws and Zoning Map by changing from Single Residence A to General Business District the following described parcel of land:

A certain parcel of land in the easterly part of Wilmington at the corner of Lowell and West Streets and bordering Route 93. This parcel is more specifically described as starting at a point on the easterly side of West Street; thence running northerly along West Street five hundred sixty-five (565) feet; thence turning and running in an easterly direction one thousand one hundred eighty (1,180) feet; thence turning southerly by two courses eight hundred (800) feet; thence turning and running westerly by three courses one thousand one hundred fifty-two (1,152) feet to a point of beginning,

containing approximately seventeen (17) acres; said parcel being so much of the second and third parcels described in the deed of David H. Boyce to Hannah M. Hull, dated March 5, 1867 and recorded with the Middlesex North Registry District Book 55 Page 47 and of the parcel described in the deed of Arthur G. Bancroft to Mary E. Carter dated July 18, 1907 and recorded with said deeds Book 407 Page 224 as was not conveyed by said Mary E. Expressions of praise and gratitude to God will be read from the Bible and also from 'Science and Health with Key to the Scriptures' by Mary Baker Eddy in a Lesson-Sermon for the day entitled 'Thanksgiving.'

The Golden Text is from Revelation (7-12): 'Blessing, and glory, and wisdom, and thanksgiving, and honour, and power, and might, be unto our God for ever and ever.'

The latter portion of the service will be devoted to voluntary expressions of gratitude by members of the congregation for God's goodness shown in spiritual growth, healings, and other blessings.

Dear Mr Neilson

Perhaps I should take the liberty of calling you Larz, as everyone else in town does, I feel that I know you well enough.

This letter is not being written primarily for publication in your newspaper, but if you feel that it merits publishing then you may do so.

I have written letters to Selectmen Kidder, Black, Drew, De Felice and Brooks in an attempt to learn the story on the use of Brentwood Avenue and Woodside Avenue as a private driveway for the Avco Corporation. I have also written to the Board of Selectmen as a group, and my wife has written to Selectmen Brooks and the Board of Selectmen. I might also say that I have written numerous letters to Avco in an attempt to dissuade them from usurping Brentwood Avenue for their own private use.

I must say, that at the time of this writing, the only reply that I have received

## Pioneers scored, but Wildcats made them Slaphappy

The game on the Wilmington gridiron last Saturday was one for the books.

Lynnfield, top team in Class D in Eastern Mass this year faced the Wilmington Wildcats who are somewhere down below the cellar floor - and the Wildcats rose up in their fury and made the Lynnfield Pioneers slap-happy!

Lynnfield won - it was expected, but Wilmington did something no other team has done this year, and that was to take 18 points from the Pioneers!

Dracut, Lowell Conference Champs, which clobbered Wilmington, was only able to take 12 points from Lynnfield, and so far, in seven games, the Pioneers had only surrendered 40 points.

The Pioneers came onto the field with 355 points so far in seven games. The eastern Mass record, set in 1954 by Wareham (Class C) is 360, so it looked like a light workout and a new record, for the Lynnfield Pioneers.

They set the new record, with 32 points more, but when they left the field they weren't cheering, nor were their 800 fans. They had nothing to cheer about, and the Wilmington High School band was adding emphasis to the situation by tooting away in a most ebullient mood.

There was a portent in the

very first play, when little Jimmy Melzar reeled off 30 yards for Wilmington.

And then Lynnfield's stars, Joe De Bella and Halfback Frank Berardino started to work, only to meet such assorted Wildcat Cubs as Eddie Woods, Capt. Eddie Casey, Dave Huston and Dickie Allard, not to mention Kevin Fields.

Berardino has a specialty of going through the line, but the Wilmington line had other thoughts and Berardino was stopped cold. Sometimes he made a few yards, but generally it was measured in inches.

Eddie Woods and Eddie Casey both nailed him, in back of his own line, in the early part of the first quarter.

Eddie Casey wrenched his knee, but didn't say anything and kept on playing.

And when De Bella tried to sweep around the ends he found Dave Huston and friends waiting for him.

And Kevin Fields was always there, when it came to a forward pass. He spoiled several during the game. The throw was good, but Fields was gooder!

Finally in the last of the first quarter De Bella succeeded in making 30 yards in six plays, and he scored from the two yard line, to give the Pioneers the new all-time scoring record.

Lynnfield got another touch-

JUST AFTER THE SECOND TOUCHDOWN

Kevin Fields, football in hand, turns toward the referee after making his second touchdown in the game last Saturday. Most of the players have regained their feet but Lynnfield's Frank Berardino (19) is still on his knees after a vain tackle. Notice the lack of enthusiasm on the part of Lynnfield fans in the background.

down in the second quarter when a pass was finally made to Charlie Meeker, who raced down the sideline for 28 yards and the touchdown.

The score was 16 to 0, and the Lynnfield fans took it for granted.

But then Dickie Allard, quarterbacking for the Wildcats, uncorked the first of the Allard to Fields plays.

Allard bulleted 17 yards to Fields, who made a great catch and then was halted at the Lynnfield 23.

Munroe advanced the ball another yard. Another pass was tried but it was incomplete, and then Allard and Fields clicked again, with Fields ending triumphantly over the Lynnfield goal line.

The Wildcats had suddenly discovered that they could play foot ball, and the scrap was on. Dave Fuller nailed Berardino, to spoil a pass. Jimmy Melzar then nailed De Bella, and in the next play it was Jon Fairfield. Allard spoiled the next attempt at a pass, and then Melzar intercepted, on Wilmington's 47 to carry the ball five yards before being downed.

Allard tried three passes, all good distance, but the Lynnfield players were covering the receivers and Melzar

here the Wildcats stood fast, against the Lynnfield assaults, till the half.

The second half was even better from the standpoint of the spectator.

Lynnfield was good, there was no denying it. De Bella and Berardino had some good fake plays, and they got the ball down to Wilmington's 10, where Eddie Woods recovered a fumble Bowen made three yards around right end, Rooney clawed another yard, and Munroe then carried the ball to the 25 yard line before being forced offside, but a penalty against Wilmington brought the ball back to the 10 yard line again and Wilmington kicked.

Lynnfield again fought down to the 10 yard line where they ran into Wilmington's solid wall, with Eddie Casey doing valiant work.

It wasn't until the fourth quarter that Lynnfield got through, when their halfback Meeker, after a fumble, passed the ball to Murdock, in a surprise play. Murdock went around right end, for another goal, making the score 24 to 12 after the conversion.

Munroe received the kickoff at Wilmington's 43 yard line

BERARDINO TACKLING MUNROE

It's hard to believe, but Munroe got away and continued for another 10 yards before being forced offside.

had to kick.

A few plays later Frotten hit the Lynnfield carrier, who fumbled, and Allard recovered the ball. Johnny Bowen was clobbered as he tried to make a right end run, and then Jimmy Melzar got off a pass to Fields, jumping high in the air to do it. Fields galloped over the line, and the score was 16 - 12.

Lynnfield's De Bella then got in some licks, reeling off some good yardage, to bring the Lynnfield team down to the Wilmington one yard line, and

and in the next play Allard passed to Fields for 13 yards, followed by a pass from Allard to Huston for 20 yards.

After several plays Allard again connected with Fields in a pass that put the ball on the 7 1/2 yard line and two plays later, with beautiful blocking by the Wilmington line, Allard got the ball across the line to Capt. Eddie Casey, for the third Wilmington touchdown.

Again the conversion was no good, but for the first time this year a team had crossed the Pioneer line three times.

The Lynnfield huddles, in that last quarter, were something to behold. It wasn't a case of 'what are we going to do this time?' but 'what are they going to do this time?'

But Lynnfield went on to make another touchdown, and decisively win the game. Lynnfield received at their 37, and Bernardino was able to make it to Wilmington's 45, where Eddie Casey, in a beautiful play, spoiled him so that Dave Huston was able to lay him low. Huston was injured, and had to be taken from the game.

De Bella did the carrying for Lynnfield, with their only try for a pass being spoiled by a mighty jump by Woods. A 15

yard penalty against Lynnfield put them on Wilmington's 30, with 19 to go on the fourth down, and Lynnfield kicked. Allard tried several passes, to no avail, and finally Melzar kicked.

Lynnfield finally began to reel off some yardage, and in the fifth play, after a fake De Bella went through the Wilmington line for his second touchdown, to be followed by his third conversion.

Wilmington pulled a bucket full of errors, in the last moments of the game, but the boys had won enough glory to excuse them. And not only the Wilmington fans knew it - the Lynnfield fans knew it too.

#### Letter (fr Pg 5)

you out of a blue sky for information without at least attempting first to get the answers from the proper source. Now that all avenues of information seem to me to be exhausted, I will take this opportunity to ask you if you are aware of the Avco proposal and if so, would you please tell the people of Wilmington where they stand.

Brentwood Avenue, as you know, is a dead end street and strictly residential. As a result the only vehicular traffic we ever see here is cars that are owned by residents. This gives the parents of children living on the street a great sense of security because they have very little fear of having their loved ones maimed or even killed by a transient automobile whose driver would have little regard for their rights and privileges.

The above is one of many arguments that could be given in opposition to the Avco proposal, and it is certainly the most important. However from a standpoint of common sense and good judgement we can readily see that Avco really has no need for Brentwood Avenue at all. They already have three access's to their rear parking lot (although they only use ONE) and their employees still park on Lowell Street all day. I personally don't care if they park there all day or not, but it doesn't seem to be the thing from a practical point of view. Not when the company provides them with more than ample parking space and means to get to it. What I am concerned with though, is that they already have a new driveway to their rear parking area from Route 38 and they won't even use that. Maybe if the police department went down Lowell Street and removed the keys from the ignitions of the cars parked there all day, then the owners would wake up and at least remove the temptation of car theft from some of our younger citizens.

I don't think for a minute that the people of Wilmington would like to foot the bill for resurfacing Brentwood Avenue and Woodside Avenue just so Avco could have a driveway. Especially when so many other streets in town are really in need of repair. We have a new surface on Brentwood Avenue that is just a little over a year old. It would be wasteful use of the taxpayers money to resurface it over again, just for Avco, when they don't need another entrance in the first place.

The fact that I have written so many letters to various responsible officials and have not received any replies leads me to believe that once again the people of this town are going to get the wool pulled over their eyes. They won't know anything about what is going to happen down here on Brentwood Ave. (and probably won't care because it isn't happening to them) until they get into a town meeting. Then someone will get up and give a fifteen minute long, seven minute, written and prepared speech extolling all the wondrous virtues of this scheme and ask that it be accepted. The people, not realizing that

this is going to cost them needlessly spent tax money, will vote YES after all debate has been cut short.

I am fully aware that the moment someone stands up to defend his God given privileges, and opposes a program, however senseless, put forth by responsible heads or business or government that he is immediately labled as a radical or a non-conformist or better yet a plain nut. (This is probably one of the reasons that you don't receive more letters than you do.) Never the less these so called 'nuts' are the ones that make this such an interesting world to live in, and because we live in such a wonderful country, I am very happy to be able to oppose this ridiculous proposal advanced by Avco.

Probably the simplest solution to their imagined parking difficulties would be to supply their employees with various colored stickers. Red, Blue and Green let us say. Engineering would get the red stickers and will park on the left side of the front lot. Payroll and office help will get the blue stickers and park on the right side of the front lot. The machine and maintenance departments (and Vice Presidents) will get the green stickers and park in the rear parking lot.

Avco has a very efficient security force now and they could be charged with the responsibility to see that all departments park in their allotted spaces. This solution is so simple Avco could probably be convinced it would work. Regardless it is an excellent proposal mentioned by one of my neighbors and it is only one of many solutions. Another being the two gates (or maybe even one (1) gate) separating the front and rear lots could be opened up so all the employees could have access to all the parking spaces from either the five front entrances or the one back entrance.

This letter is not being written to make snide or disrespectful remarks and should not be construed as such.

It is being written to get some information about the Avco proposal to use two dead-end, residential, side-streets Brentwood Ave and Woodside Ave for their own private driveway.

If you can enlighten the residents of these streets in any way in one of your columns I know it will be greatly appreciated not only by the residents of these streets but by all the people of this town who have taken an interest in our plight.

We can get no information from the town officials so we turn to you. Please don't let us down. I remain

Very truly yours,  
George F. Quinn

Avco, it is our observation, is not an inhuman corporation, but some of its employees are only too human. Most of them live in the Lawrence area and want to park their cars in front because it is too far to drive to the back parking lot, hence all the jockeying to park on Lowell Street.

The US Air Force, for whom Avco does a lot of research is very insistant on security. Avco has a 70 odd man police department (the envy of Wilmington's Police Chief) to ensure security. Every visitor is escorted to make sure he sees only what may be seen. Employees' cars are barred from the plant area because of the possibility of a security breach.

Avco has been trying to induce its employees to use the back lot. The original plans first discussed with Wilmington included the use of Brentwood and Woodside as an access to the back lot, but these ideas were lost in the shuffle.

Two Avco execs visited the Selectmen several months ago to re-open the subject. Also discussed was the idea of using Herb Barrows' woodpile lot for an access but such a road would only debouch onto an elevated place with limited parking area, and Lowell St. would

still be crowded.

The Selectmen instructed the TM to get costs of construction through Brentwood etc. So far no report has been made. One estimate is \$8000, if Brentwood were to be resurfaced too, because of heavier traffic.

As the proposal was presented there would only be traffic in the morning and evening, for 15 or 20 minutes each time, the gates being closed the rest of the day.

The present resurfacing of Brentwood was part of the installation of the sewer, which cost about \$100,000. So far Avco has paid all costs and bonds, except for one \$400 payment by the town. This setup will change when the sewer is connected directly to the MDC sewers.

If the Selectmen were to approve using Brentwood etc you can bet your bottom kopek that it would be for the two periods before mentioned.

If the TM were to get on the job and talk turkey with Avco that company might (1) provide police protection for those periods and (2) pay for the resurfacing etc.

Recently Avco has been experimenting with having a passage way through its grounds, heavily guarded by their police, to the back lot. Their cops have been chasing 'extra' parkers through. As of Friday morning, we are told, every parking space, front and back, was full, and 75 cars were parked on Lowell Street.

Whether the experiment can be continued is a question. The Air Force is not happy about a possible breach in security.

#### ESSO APPEAL DENIED BY BOARD OF APPEALS

The Board of Appeals, Tuesday night, unanimously rejected an appeal by the Humble Oil Company for a variance in a proposed gas station, on Main St. near Bridge Lane.

Paul F. Harmon and Paul Philpott, representing the Humble Oil Co., requested for a variance of 15 feet in the setback law, which was denied.

The law provides that no part of a business establishment be erected closer to the street than 30 feet. Mrs. Harmon and Philpott requested that their company be allowed to put up a part of the proposed station only 15 feet from the Main St. line.

In its decision the Appeal Board observed that all other businesses in the area were confirming more closely to the law, and that no exception should be made for the proposed gas station.

Parker Hodgdon

Parker Hodgdon, of Cedar St., who was appointed a full member of the Board of Appeals, Monday night, by the Board of Selectmen.

Mr. Hodgdon, a Civil Engineer has been an associate member of the Appeal Board since May 1960.

#### CHILDREN COLLECTED OVER \$250 ON HALLOWEEN FOR UNICEF

Children from the Baptist, Methodist, and Congregational churches collected approximately \$265 for the United Nations Children's Fund. The amount received from voluntary contributions is supplemented by federal government funds so 4 to 5 times the voluntary amount is released to the countries to which the aid is sent.

UNICEF, formerly the United Nations International Children's Educational Fund, retains its initials, UNICEF, but is now giving aid for a chronic rather than emergency world situation.

#### JAY C ETTES

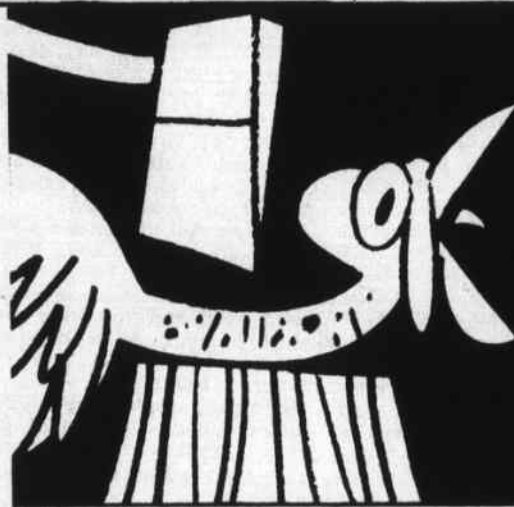

The fourth meeting of the Wilmington Jay C Ettes, held on Nov. 1, in the Roman House had President Lloyd Bender of the Junior Chamber of Commerce as speaker, on the subject 'How the Jay C Ettes could help the JC's'.

Activities planned for the following months include a cake sale at De Moulas, on Nov. 19, and possibly one in December. A party is planned for the older residents of the town, and also a dance on Dec. 17th, and a Valentine Square Dance.

The next meeting will be at the Roman House on Dec. 13.
